

# Quick Label Systems - Inkjet Label Printers

**QUICK LABEL SYSTEMS**

The Label You Want When You Need

Quick Label Systems offers a verity of **KIARO** Color label Printers that allows you to print your own custom labels instead of buying large quantities of pre-printed labels. You will save costs, gain flexibility, and increase revenue while having the support and training you need!

The **KIARO** has bring some ground-breaking new inkjet color label printer that combines excellent print quality with high-speed label printing and 0% interest rate for ownership. The **KIARO** digital color label printer has developed especially for manufacturers and processors who want to make fantastic-looking labels at high speeds (think 7,200 labels per hour for 3" x 4" sized labels!).

You can easily buy your **KIARO** Ink Cartridges & **KIARO** Labels from QuickLabel System. Kairo uses four separate ink cartridges, one each for the CMYK process colors and **KIARO** label materials, including gloss paper, matte paper, textured papers etc. to make fantastic-looking labels at high speeds
